

SeaVital

8 - 8 - 6 + TE + 1% Kelp Extract

- Foliar Feed Liquid Fertiliser - Fertigation Fertiliser
- Hydroponic Fertiliser

Seaweed Enhanced NPK Fertiliser with Amino Acids and Trace Elements

8.0 %	N	Total Nitrogen
		2.3% Nitric Nitrogen
		3.7% Ammoniacal Nitrogen
		2.0% Carbamide Nitrogen
8 %	P ₂ O ₅	Total (water soluble) Phosphorus
6 %	K ₂ O	Total (water soluble) Potassium

Trace Elements (Chelated) :

0.01% B , 0.007% Cu , 0.015% Fe , 0.013% Mn , 0.001% Mo , 0.005% Zn, 1% Kelp Extract
Kelp Extract 1% derived of Sorgassum, Laminaria & Ascophyllum

Application Rates :

Turf	5 - 10 Litres / ha
Vegetables / Berry Fruit	1 - 2 mls / 1 Litre water (0.1-0.2%)
Fruit / Grapes	3 mls / 1 Litre water (0.3%)
Roses	2 - 3 mls / 1 Litre water (0.2%-0.3%)
Young Plants (Seedlings & Cuttings)	0.5 - 1 mil / 1 Litre water (0.05%-0.1%)
Adults Plants (Ornamental)	2 - 5 mls / 1 Litre water (0.2%-0.5%)
Hydroponics	0.5 - 2 mls / 1 Litre water (.05%-0.2%)
Cut Flowers (Seedlings)	0.5 - 1 mil / 1 Litre water (.05%-0.1%)
	After first true leaves have formed 1 - 2 x per week
Cut Flowers (Adult Plants)	2 - 5 mls / 1 Litre water (0.2%-0.5%)
Cut Flowers (Marketable Plants)	4 - 5 mls / 1 Litre water (0.4%-0.5%)
	As a leaf shine/clean .

Wetter / Sticker / Spreader Mix with pesticides at any of above rates from 2 mls per litre.

SeaVital

8 - 8 - 6 + TE + 1% Kelp Extract

Biological / Technical Properties :

- High and well balanced micronutrient / macronutrient supply
- Suitable for all crops in all climatic zones
- pH - regulation of the spray solution
- Nutrients readily available to the plants
- Clean and safe to spray
- Fully chelated micronutrients
- Superchelation reduces the water hardness of the spray solution
- Leaves no leaf spots Improves leaf colour Achieves good leaf finish
- Ensures seedling production
- Improves growth , flowering and fruit performance
- Can be applied with all usual HV and LV spraying and sprinkling equipment
- Compatible with most commonly used pesticides
- Aids spray adhesion

Packaging

1 Litre

4 Litre

20 Litre

200 Litre

(All plastic containers)

Precaution & Disclaimer

When mixing with pesticides for the first time, test on a small scale before general use. Recommendations given are of a general nature only.

As storage and application of fertilisers are beyond our control, we can only be held liable for the satisfactory quality of the product at the time of delivery
